

AMENDMENTS TO THE SPECIFICATION

Please delete the present Abstract of the Disclosure.

Please add the following new Abstract of the Disclosure:

A method of constructing a representation of the geographical distribution of traffic for a cellular radio network. The method includes: dividing each cell of said cellular network into a set of areas using information on handovers obtained from said cellular network; determining a traffic value for each of said areas; and determining a representation of the geographical distribution of the traffic from said traffic values.
